**Create your own sporting challenge. Be sure to tweet us a picture!!**

### Activity Title

#### SET UP:

**SCHOOL:** How people can take part if they are in school. Consider space/equipment

**HOME:** How people can take part if they are at home. Consider space/equipment

#### RULES:

Write the rules of your challenge or game. Try to keep the rules simple and make sure you don't have too many! If you are creating a challenge for everyone to try, have you made sure everyone will be able to do it? Consider the age and ability of people taking part.

#### Scoring or Timing:

How you are going to score your challenge? Will it be a points system or by time? How is it going to differ for different ages or groups taking part?

#### Diagram:

Can you draw a diagram or description to help explain how your game works? Lots of children find things easy to understand by seeing an example or picture!
