

PSHE in the OCL Primary Curriculum

Intent

The context that our children and young people live in:

- Our children live in a world where they require the skills and qualifications, flexibility, emotional intelligence and expertise to be leaders and to thrive as human beings.
- Our children live in world where accepting themselves as individuals and celebrating who they are is key in navigating a complex and ever-changing environment.
- Our children live in a world where they need to feel a sense of ability to change things for the better and have self efficacy.
- Our children live in a world where they need a network of relationships and a network of support to thrive and excel.
- Our children live in a world where early development of vocabulary skills is the single most important factor to get right as early as possible.

Alongside the Oasis 9 habits and British values role that PSHE plays within the curriculum there are also weekly class assemblies where we are able to build and develop skills for our children in a more bespoke way which caters for our school, in order to ensure our pupils become healthy, independent and responsible citizens.

We want our children and young people to:

- Be inspired to improve the world around them.
- Have the ambition, skills and expertise to thrive in a fast changing, interconnected and communication rich world, with the confidence and technical expertise to thrive.
- Have a network that supports them.
- Be comfortable in who they are and able to continuously explore who they are becoming.
- Be rich in language with a passion for learning.
- Seek to include others, be other-centred and celebrate difference.
- Have a values approach to life and a sense of what is right and wrong through the lived experience of the 9 habits.

Therefore, we focus on developing character, competence and community. The Personal Development curriculum specifically meets the OCL statement of intent by focussing on character, competence and community in the following areas:

	<p>Character: A strong PHSE curriculum ensures children are well rounded, empathetic, respectful, tolerant citizens. Children will have strong social skills and be able to interact confidently with other children and adults.</p>
	<p>Competence: Through a well-rounded PHSE curriculum children will reach their full potential and will have opportunities to debate different issues. Children will understand equality and protected characteristics from a young age.</p>
	<p>Community: Children will have strong relationships across the school community. Student leaders will be a part of each academy with strong links to the Hub Council and local community. Children will understand different communities both locally and globally and will learn about living in the wider world.</p>

Implementation

To ensure our intent transfers into everyday classroom practice, we use current research in cognitive science to develop pedagogy and specific CPD to ensure subject content is expertly delivered. This is alongside individualised coaching in constantly striving to continually improve practice. Responsive feedback approaches, delivered through

out highly effective one-to-one horizons approach, ensure each adult knows the relevant next steps to maximise learning opportunities.

Using research from Dan Williamson’s Models of Memory, Sweller’s Cognitive Load Theory, Rosenshine’s Principles of Instruction and the thinking behind Ebbinghaus’ Forgetting Curve, the curriculum is implemented effectively through a set of core concepts, developed for each curriculum area. This enables children to assimilate new information into growing schema as they move through the academy. By presenting new information to students as another example of these core concepts it allows them to process information in relation to previously learned knowledge and make connections.

The curriculum is mapped using these core concepts. We plan for progression using the key points outlined in the impact section below. Lesson content is planned towards these progression points and follows the model of direct instruction, shared and modelled practice before culminating in independent practice and mastery. Specific knowledge is acquired through the knowledge organisers in each curriculum area and unit of study to ensure broad and balanced coverage and as a tool for children to add to, revise and structure that knowledge.

Subject Delivery

Lesson Timings	Type of delivery
Personal Development is woven into the curriculum in both thematic and discrete teaching. There is a weekly 30-minute character development session and 30-minute assembly content. In addition to this, PSHE takes a lead role in the thematic content delivery and in the annual chunked content. The 9 habits are woven into every lesson through the Golden Thread of Character and also form the rewards section of the behaviour approach and celebrations.	Mixture of thematic and discrete: <ul style="list-style-type: none"> ○ Discrete weekly PD slot ○ Weekly Character Assemblies ○ Weekly Celebration Assemblies ○ Daily Reflection Foci ○ Thematic PHSE lessons ○ Character-based behaviour approach ○ Weekly YouHQ wellbeing check-ins

Annual organisation per year group of PSHE Objective within the curriculum chunks

Term	Chunk	Week	Hour 1	Hour 2	Hour 3	Hour 4
Autumn 1	Well-being	2	What is well-being? (KS2 What is mental health?)	Mental Health champions and appointments	Yoga	Self-Regulation Techniques and well-being quiz
Autumn 2	Heritage	9 (Before Citizenship and the World)	Rights respecting schools’ content/ Break the cycle (with historical links)			National Links and Sharing

Impact

The ultimate test of the impact of the curriculum is in whether the students know what you want them to know, and what you think they should know. This has been carefully mapped against the core concepts for Personal Development in the tables on the following pages.

To determine this, we check and monitor children's learning, providing teachers and students with information about progress and analysis of deliberate retrieval practice. We need to be able to fluidly use 'checking for understanding' techniques in the moment as well as being able to know what has been learnt and retained over time and the depth of that learning:

- We use checking for understanding techniques through **Socratic** quizzes and hinge questions to ensure we are aware of all students learning during the lesson and adapt the pace as necessary.
- Retrieval practice is built in where most impactful to interrupt the forgetting curve and secure constructs in long term memory.
- Depth of knowledge is then assessed through spaced quizzing, **end of unit assessment quizzes** and Student Portfolios in Showbie.

EAL in PSHE

EAL strategies, adult/ peer support are used to scaffold pupils' learning depending on their proficiency code as appropriate. Please refer to the whole school EAL approach for more information.

Personal Development Specific Impact Measures

In Personal Development quizzing is used as a method of assessing pupils understanding at the end of a core concept to analyse the extent to which knowledge has been consolidated into long-term memory. Retrieval practice tasks throughout the lessons also interrupt the forgetting curve to enable faster access to prior learning.

In addition to this pupils complete the YouHQ assessment each term alongside a fortnightly wellbeing check in which teachers and the pastoral team are able to monitor pupils wellbeing and provide interventions where appropriate.

Progression Points against the Core Concepts

Core Concepts	Progression Point 1 (KS1)	Progression Point 2 (LKS2)	Progression Point 3 (UKS2)
Healthy Lifestyles	<ul style="list-style-type: none"> • Be aware we need a balanced diet to grow, be active and maintain health. • Know we need some foods more than others • Be aware being active and looking after yourself are important e.g. brushing teeth 	<ul style="list-style-type: none"> • Know about different food groups for a balanced diet • Understand other factors contribute to keeping healthy 	<ul style="list-style-type: none"> • Know that some lifestyles choices can be harmful to our bodies. • Understand that the media can have a negative impact on self-esteem
Keeping Safe	<ul style="list-style-type: none"> • Know about medicines • Identify safe and unsafe places in the environment 	<ul style="list-style-type: none"> • Know how to minimise risk around personal safety • Know how to keep safe in the home and around water • Know some risky behaviours are illegal 	<ul style="list-style-type: none"> • Know how to resist peer pressure when considering risky behaviour • Gain a clearer understanding of the legal and physical consequences of harmful substances
Mental Health and Emotional Health	<ul style="list-style-type: none"> • Respect the feelings of others • Manage own emotions • Recognise how own behaviours affect others 	<ul style="list-style-type: none"> • Recognise success and failure are part of the learning process • Know about body language and the messages this can send • Know how own feelings affect behaviour • Understand resilience 	<ul style="list-style-type: none"> • Understand how to build self-esteem • Recognise triggers to own emotions • Know about mental health and how to challenge negative thoughts and feelings • Understand stereotyping
Relationships and Sex Education	<ul style="list-style-type: none"> • Know similarities and differences between people and girls and boys • Know what is private (body parts) • Know about friendships (being kind/fair etc) 	<ul style="list-style-type: none"> • How about personal space • Know about healthy relationships and being equal • Understand diversity • Know about changes happening to the body 	<ul style="list-style-type: none"> • Know what puberty is • Know about different types of relationships • Know what is unwanted touch • Know about forced marriage • FGM • Know how babies are made
Living in the Wider World	<ul style="list-style-type: none"> • Know about rules • Where money comes from • Know about different groups and communities • Know how to look after the environment 	<ul style="list-style-type: none"> • Know links between work and money • Know how to look after money • Know about sustainability • Know about the rights of the child 	<ul style="list-style-type: none"> • Know about Fair Trade • Know about enterprise • Know about rules and laws and how/why they might be changed • Know how people managed money, know about debt • Know about the media • Know about what they want to be - aspirations
